With Vetsource as a Home Delivery partner, hospitals get more than just our easy-to-use turnkey solutions. Partnering with Vetsource results in better care for patients, increased practice revenue, and higher rates of compliance. We are fully licensed pharmacists, pharmacy technicians, and veterinary technicians who are here to support your practice.

Vetsource offers our leading-edge technology, innovative online pharmacy, and Home Delivery solutions for veterinary hospitals:

- Rigorous processes and operational standards help us achieve unparalleled quality and safety and an error rate of less than 1 in 20,000.
- Vet-VIPPS accredited and properly licensed in all 50 states.
- Products are sourced directly from the manufacturer, preserving all manufacturer guarantees.
- The world's largest distributors agree, Vetsource is the only industry-endorsed Home Delivery partner.
- PCI compliant and validated, maintaining a secure environment for all credit card information.
- Private proprietary software keeping your client data safe. Data is neither shared nor sold.
- Expert technician staff to train and provide support to both pet owners and your staff.
- Robust eCommerce platform that allows your clients to order right from your eCommerce website.

**In short, we offer the safest Home Delivery experience possible.  
All in a seamless process that acts as an extension of your hospital.**
